

Ragauskas Team Publication Form

When a figure, table or diagram ('material') is to be reproduced in an manuscript/publication in essentially the same form in which it was originally published, or with only minimal alteration, then it is the First Author's responsibility to obtain written permission from the original publisher to reproduce that material (Note: This includes copying your own work). You must supply information about this material on the accompanying sheet and submit the sheet with this form, together with copies of the publisher's "permission granted" correspondence.

Note: Ragauskas strongly recommends that you avoid the situation above and only utilize your own Original Work

If you wish to reproduce another author's material then you must obtain permission from the publisher (even if the publisher is the same published).

Please tick either **I** or **II** below then sign and date the form.

- **I:** All figures, tables and diagrams in my typescript are my own original work and have not previously been published. No permission forms are necessary for my typescript. _____
- **II:** The figures, tables and diagrams detailed on the sheet attached have previously been published and permission to reproduce these has been obtained. _____
- **III:** Finally, Plagiarism is the "wrongful appropriation" and "purloining and publication" of another author's "language, thoughts, ideas, or expressions," and the representation of them as one's own original work. **Plagiarism is considered academic dishonesty and a breach of journalistic ethics. It is subject to sanctions like expulsion.**
 - **Has any part of this manuscript copied/plagiarized published material:**
 - **Yes:** _____
 - **No:** _____

The figures, tables and diagrams detailed on this sheet have previously been published and permission to reproduce these has been obtained.
