Presents the

INSTITUTE OF PAPER CHEMISTRY FOUNDATION AWARD

\$10,000.00

In recognition of Forest Bioproducts Research

Georgia Tech Research and Innovation Conference

Atlanta, GA
February, 2013

The Institute of Paper Science and Technology is dedicated to research that advances the horizons of the forest bioeconomy, providing solutions to strategic, economic, scientific, and technical challenges facing the forest products and paper industries.

Norman F. Marsolan
Director, Institute of Paper Science and Technology

February 12, 2013

Congratulations on your selection as the winner of the Institute of Paper Chemistry Foundation's Forest Bioproducts Research Award as part of the 2013 Georgia Tech Research and Innovation Conference. This \$10,000 award is presented specifically to a forest bioproducts research project entered in the GTRIC Innovation competition. We sincerely hope to see you consider a career in the forest bioproducts industry.

This is a \$10,000 award administered by the Institute of Paper Science and Technology, and you must provide the following information to Lloyd Williams, IPST Business Operations Manager, to process your payment.

Please submit to Mr. Williams a document with:

- Your name
- Georgia Tech ID number
- Georgia Tech employee ID number
- Amount of the award

We will schedule a presentation at IPST with a commemorative plaque for you, at a future date. Please feel free to contact us with any questions you may have. Again, congratulations on your good work and your selection as an award recipient in 2013.

Regards,

Norman F. Marsolan
Director, IPST at Georgia Tech
Professor, Chemical and Biomolecular Engineering
Georgia Institute of Technology
TAPPI Fellow
